

BALLOGY SKILLS ASSESSMENT

TENNESSEE: WHAT'S YOUR BSA SCORE?

Get an objective measurement of your players in just 100 shots.

Ballogy is a mobile app platform that helps players measure and showcase their shooting ability, enabling athletes the opportunity to analyze their performance in specific areas and giving them baselines to improve.

The primary focus of the platform is the **Ballogy Skills Assessment (BSA)**, a 10 minute, 100 shot test administered exclusively on the Ballogy app and the result of extensive research and feedback gathered from middle school, high school, and college-level coaches and athletes. Tests are recorded via the app and reviewed by Ballogy, resulting in verified scores which provide key points of data for shooting evaluations. Every month Ballogy takes the **Top Performers** to showcase their test scores and profiles to over 1,400 colleges.

Ballogy Pro, an in-app upgrade subscription for teams, allows for unlimited BSA (and shorter BSA Prep Test) submissions and custom drills.

As a member of BCAT, you can sign up the entire program (up to 75 players) for a full year of Ballogy Pro for just \$500. This a substantial discount off the regular price of \$10 per month per player. Depending on the size of your program, that's a savings of up to 95%!

Ballogy Pro for Teams Includes:

- Ballogy Pro upgrades for up to 75 players in your program
- Unlimited BSA submissions via the Ballogy app
- Access to all Ballogy in-app (daily vitamins) shooting drills
- Your program's own custom profile and group within the app
- Dedicated Ballogy representative to assist with in app support and best practices
